§ 2522.480 Can a State's application for formula funds be rejected?

Yes. Formula funds are not an entitlement.

§ 2522.485 How do I calculate my program's budgeted Corporation cost per member service year (MSY)?

If you are an AmeriCorps national and community service program, you calculate your Corporation cost per

MSY by dividing the Corporation's share of budgeted grant costs by the number of member service years you are awarded in your grant. You do not include child-care or the cost of the education award a member may earn through serving with your program.

Subpart E—Evaluation Requirements

§ 2522.500 What is the purpose of this subpart?

(a) This subpart sets forth the minimum performance measures and evaluation requirements that you as a Corporation applicant or grantee must follow.

(b) The performance measures that you, as an applicant, propose when you apply will be considered in the review process and may affect whether the Corporation selects you to receive a grant. Your performance related to your approved measures will influence whether you continue to receive funding.

(c) Performance measures and evaluations are designed to strengthen your AmeriCorps program and foster continuous improvement, and help identify best practices and models that merit replication, as well as programmatic weaknesses that need attention.

[70 FR 39603, July 8, 2005]

§ 2522.510 To whom does this subpart apply?

This subpart applies to you if you are a Corporation grantee administering an AmeriCorps grant, including an Education Award Program grant, or if you are applying to receive AmeriCorps funding from the Corporation.

[70 FR 39603, July 8, 2005]

§ 2522.520 What special terms are used in this subpart?

The following definitions apply to terms used in this subpart of the regulations:

(a) *Approved application* means the application approved by the Corporation or, for formula programs, by a State commission.

(b) *Community beneficiaries* refers to persons who receive services or benefits from a program, but not to AmeriCorps members or to staff of the organization operating the program.

(c) *Outputs* are the amount or units of service that members or volunteers have completed, or the number of community beneficiaries the program has served. Outputs do not provide information on benefits or other changes in communities or in the lives of members or community beneficiaries. Examples of outputs could include the number of people a program tutors, counsels, houses, or feeds.

(d) *Intermediate-outcomes* specify a change that has occurred in communities or in the lives of community beneficiaries or members, but is not necessarily a lasting benefit for them. They are observable and measurable indications of whether or not a program is making progress and are logically connected to end outcomes. An example would be the number and percentage of students who report reading more books as a result of their participation in a tutoring program.

(e) *Internal evaluation* means an evaluation that a grantee performs in-house without the use of an independent external evaluator.

(f) *End-outcomes* specify a change that has occurred in communities or in the lives of community beneficiaries or members that is significant and lasting. These are actual benefits or changes for participants during or after a program. For example, in a tutoring program, the end outcome could be the percent and number of students who have improved their reading scores to grade-level, or other specific measures of academic achievement.

(g) *Grantee* includes subgrantees, programs, and projects.

(h) *National performance measures* are performance measures that the Corporation develops.

(i) *You* refers to a grantee or applicant organization.
